Off-plan sale overview

A premium double-storey family residence with double garage, open-plan living, dining and kitchen areas, multiple bathrooms, master suite, mini lounge and balconies.

This option is presented as a bank-ready off-plan sale pack. The house construction value is shown separately from the approximate land allowance to support clean affordability assessment and bank review.

Standard MGP house description

Accommodation & layout

Residential home delivered according to approved architectural drawings, including bedrooms, bathrooms, living areas, kitchen, circulation spaces, garage/carport areas where shown, and covered outdoor areas where included in the selected plan

Doors, windows & glazing

Powder-coated aluminium windows and external glazing to approved openings, solid entrance door, internal semi-solid doors and standard ironmongery package.

Internal finishes

Standard developer-grade finish with tiled living areas, laminate or approved bedroom flooring, painted ceilings, skim-coated and painted walls, bathroom tiling, standard sanitaryware, standard lighting points and built-in cupboards where specified.

Roofing & structure

Approved roof structure, roof covering, fascia boards, rainwater goods, reinforced foundation/slab where required and masonry construction compliant with good building practice.

Kitchen & joinery

Fitted kitchen cabinetry with approved countertop selection, sink, plumbing points and joinery allowances aligned to the final approved specification.

Electrical & plumbing

Standard electrical installation, plug and light points to approved layout, hot water geyser, water supply and waste installation within the house scope.

Accommodation and pricing position

3 Bedrooms | Double Storey | Double Garage | Green City Phase 2 - Zone 3

- Balcony areas

210 sqm Double Storey Residence

Green City Phase 2 - Zone 3

Bank presentation notes

- Construction price is presented separately from the land estimate to support clean bond and affordability assessment.
- Final pricing remains subject to confirmed plot, approved drawings, material selections, statutory requirements and the final construction agreement.
- Images and plans are concept / off-plan representations and may be refined during final architectural and engineering approval.
- Boundary walls, extensive paving, landscaping, major earthworks and external service
- upgrades are excluded unless expressly stated in the final agreement.
- The indicative stage structure below applies to the house construction value only. The separate land amount of M300,000 is excluded from this stage schedule.
